

Fathima Mulla

Current Position: Lecturer in the department of Medical Imaging and Radiation sciences (MIRS) at the University of Johannesburg (UJ), in South Africa, since 2007

Highest Qualification: M.Tech RAD (Diagnostic)

Thesis – The experiences of radiographers working with PACS and RIS in Gauteng

SORSA involvement: I have been a member of the Society of Radiographers (SORSA) since 2001 when I qualified as a diagnostic radiographer at Technikon Natal, in Kwa Zulu Natal (KZN)

I have served on the committees of the SORSA KZN & Johannesburg (JHB) branches

I am currently the education representative on the SORSA JHB branch committee

I am also the education representative of the National Council of SORSA, and the chairperson of the CPD committee

Research activities: I am involved in research supervision of master's students and I am currently researching a topic for my doctoral studies.
