Dr Joe Phaahla
Minister of Health
minister@health.gov.za

Dear Minister Phaahla,

NATIONAL HEALTH INSURANCE

The Society of Radiographers of South Africa (SORSA) is a non-profit professional association representing radiographers (Diagnostic, Nuclear Medicine, Radiation Therapy and Ultrasound) practicing in the private and government sector.

SORSA supports the national health insurance (NHI) in principle. We would like to be kept informed of the NHI developments and be allowed to give input in the interests of our members, the radiography profession and the public.

Yours sincerely

Dr Riaan van de Venter
SORSA President
