

Health New Zealand

Te Whatu Ora

Making a difference – it's what you do. But what about what you need?

Like more space, and more to do on your days off – or less. You've got nature at your fingertips, a team you can count on and a warm welcome. We've got it all covered at Health New Zealand – Te Whatu Ora.

Discover a Medical Imaging career in Aotearoa, New Zealand:

We're looking to fill multiple roles nationwide and are offering you the unique opportunity to make a difference, somewhere different in Aotearoa, New Zealand. Work with people and communities to enhance their ability to engage in valued occupations.

You'll provide the highest-quality medical care, surrounded by world-leading technology. Our multi-disciplinary teams work together to drive positive change to improve healthcare outcomes for our communities.

You'll receive the standard entitlements given to workers in New Zealand, including 10 days of sick leave per year, four weeks of annual leave – as well additional benefits such as:

- Coaching, mentoring and achieving learning outcomes for all staff
- Access to a plethora of internal educational courses
- Regular in-house Continual Personal Development (CPD) sessions

Medical Imaging and Radiation Technologists need to be registered with the New Zealand Medical Radiation Technologists Board and have a current Annual Practising Certificate to work here.

Who we are at Health New Zealand – Te Whatu Ora:

Health New Zealand – Te Whatu Ora is the Government organisation that provides publicly-funded universal health care to 5 million Kiwis. We manage all health services provided in New Zealand, including hospital and specialist services, and primary and community care.

We recruit across 19 unique districts within the country, developing and implementing plans based on local needs to improve the health and well-being of our communities.

We are dedicated to building a team that thrives on diversity and inclusion, welcoming individuals from all walks of life and backgrounds. Our commitment is to both representing and ensuring that every voice is heard, and valued, and contributes to our dynamic and inclusive culture.

About the Opportunity:

We're looking to fill multiple roles across New Zealand. We have roles available to suit everyone, including flexible working, full-time, part-time and casual opportunities. Whether you want to spend more time at the beach or dedicate some time to further studies, we have a position that will work best for you.

Internationally qualified candidates include Radiographers, Radiographer technicians and Medical Imaging Technicians.

Helping you make the move:

Medical Imaging Technologists are on Tier 1 of New Zealand's Green List which means you are eligible for the Straight to Residence Visa and can apply for New Zealand residency before you arrive, provided you have a job offer from us.

Our Candidate Support Team provides one-to-one personalised support throughout your journey to your new home in Aotearoa, New Zealand. This includes matching you with a district that best suits your lifestyle and career aspirations, as well as help with visas and immigration, relocation, and settlement support.

Join us in paradise – apply now!

If you're ready to be part of an innovative, progressive and passionate team whilst exploring all that our country has to offer – we have the role for you – providing you with the best of both worlds.

It's never been easier to start a new adventure – and we have a team to help you every step of the way.

Come on over to Aotearoa, New Zealand, and **make a difference, somewhere different.**
